

## Time Series Analysis

Payal Mohapatra : Research

# Empowering Real-World Sensing : Algorithms for Imperfect Time-Series

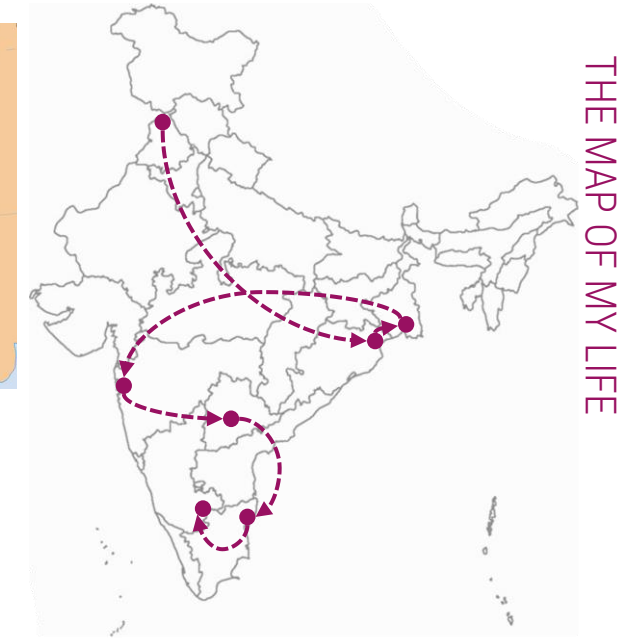

Human-Factors

Inclusivity

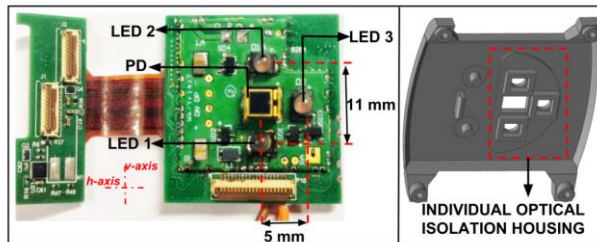

# Payal Mohapatra : Personal

Lived in 7 cities and can speak 5 languages → Thanks to a nomadic upbringing.

Somewhat of an academic nomad

Designing wearable-sensing platforms.

Designing compute platforms for sensing and communication applications/ASICs.

Designing data-driven algorithms for wearables.

THE MAP OF MY ACADEMIC LIFE
